VICTORY FOR UKIAH BOYS

Home Team's Luck Returns—Defeat Geyserville 13 to 5

The second game between Geyserville and Ukiah was pulled off at the local diamond last Sunday. Quite a large crowd of fans were there to see Ukiah get walloped, but somehow or other the scales were turned and Ukiah did the walloping act herself.

The first six innings were all right, both sides playing good ball. The game then stood 2 to 1 in Ukiah's favor. In the meantime, Spitler, the Geyserville catcher got a broken finger, and when Ukiah came to bat in the seventh they lit on to Alvarez's curves and pounded out seven runs. Geyserville could never regain the lost ground and the rest of the game was listless. "Chief" led the batting for Ukiah, making four hits in five times up, three of which were two-baggers. Belvail, the new addition at short, played a good game, making more runs than anyone else.

Next Sunday's game will be between the Ukiah and Lake county Indians. Each team has won a game and Sunday's event will decide the championship. A purse of $182 is offered.

The last game of the season will take place Sunday, Oct. 11th, between Ukiah and Geyserville.

Purchase Property For Bank

Late last week W. P. Thomas and H. B. Smith purchased from Dr. Geo. McCowen the brick building on School street now occupied by the Mendocino Abstract Bureau and by the cigar and candy store of W. D. Carothers. Mr. Thomas' object in making the purchase was to secure quarters for the new bank to be known, as heretofore stated in these columns as the Ukiah Commercial Bank.

The new bank will open for business as soon as possible after the necessary interior changes can be made in the store occupied by Mr. Carothers. The Abstract Bureau will remain in the offices it now occupies. We understand the price paid for the building was about $4000.

Fort Bragg Strike

With regard to the efforts to settle the Fort Bragg strike we glean the following from the coast papers of last week. The Point Arena Record said:

"The strike at Fort Bragg is still on. Last month representatives of the two contending forces met in San Francisco and an agreement whereby the strike was to have been settled was signed. The representatives of the union returned to Fort Bragg and submitted the proposition, which was adopted by the union by a vote of 106 to 11. The next day notices were posted about town to the effect that the settlement did not change the position of the company. This was considered a violation of the agreement and the union asked that the matter be settled by arbitration, the arbitrators to be disinterested parties.

"James Rolph, president of the Shipbuilders' Association, now in Point Arena, consented to use his endeavors to effect a settlement, and had no fault to find with the union for the stand taken against the notices posted by the company.

"The breach between the company and the men is as wide as ever, and it is difficult to guess when this unfortunate affair will end."

The Mendocino Beacon has the following:

"It appears from a statement in the San Francisco Examiner that there have been continued attempts made to settle the differences between the Union Lumber company and the Fort Bragg labor union, and that altho the latter has taken exceptions to the tenor of the notices posted by the company since the agreement, yet the essentials seem to have been agreed upon."

Important Business Change

C. R. Thomas of the firm of Grover & Thomas, grocers, of this city, has sold his interest in the business to Fred Weldon, who for some time has been employed as clerk in the store. Mr. Thomas has accepted the position of manager of the Walker Valley ranch, at a salary which justifies him in making the change, and will, with his family, reside upon the ranch. We are sorry to lose Mr. Thomas from our town, but congratulate Mr. Van Arsdale upon having secured so competent a manager for his Walker Valley property.

BOTH BOUGHT SAME RANCH

W. A. and E. M. Ford, known generally as "Doc" and "Marve," purchased the Marks ranch of something over 400 acres in Redwood valley last Monday. The ranch has on it nineteen acres of bearing hops, a good hop kiln and all necessary improvements. There is quite a lot of farming land and some well timbered upland, nearly all of which can be farmed when cleared. The sale was made thru Sam Rosenberg.

After the above was put in type Wednesday it was discovered that on the same day on which Rosenberg sold the ranch to the Ford brothers, Frank Albertson, acting as authorized agent, sold the same land to John Pickle, who has lived on and farmed it for several years under a lease. Here was a complication, but after talking the matter all over the Ford brothers yielded, and so Mr. Pickle gets the ranch.

Rebekah Lodge Visited

Mrs. Alma Jenson, grand president of the Rebekah Assembly, visited Cornelia lodge last Monday evening. She was received with much enthusiasm and was pleased with the hospitality shown her. Mrs. Jenson is a most entertaining talker, possessing something of oratory with the practical. Her recitation during the speech showed her power as a reader. Her voice is sympathetic and has good advantage in pathos.

Mrs. Carpenter, past grand president, gave a talk in her pleasing manner, after which a short program was rendered, followed by a banquet.

Mrs. Jenson left Tuesday for Cloverdale, where she visited the lodge there.

Guilty and Not Guilty

Charley Brown was arraigned in the Superior court Wednesday morning to plead to a charge of embezzlement with a prior conviction. Attorney Chas. Mannon appeared as his counsel by appointment of the court. The accused plead guilty to the prior conviction and "not guilty" to the charge of embezzlement.

The case comes from Fort Bragg and Frank Sandelin is the complaining witness.

Struck by Rattler

Frank Tindall, who resides several miles below town was bitten by a large rattlesnake last Friday while sledding out wood. The snake struck him on the instep. He immediately mounted his horse and hurried home, where his wife gave him whiskey and ligatured his limb above the wound. Dr. Rea was sent for and applied the usual remedies with satisfactory results.

BOYS SET FIRE TO A CHURCH

Enter Thru Window to Steal and Say Fire Was Accident

Last Saturday morning when Miss Effie Case and Miss Mary Waggener went into the M. E. church, south, to put things to rights in the lower rooms where an Epworth League social had been held Friday night, they found the rooms both above and below filled with smoke. Searching for the cause they found the floor of one of the rear class rooms burning.

The fire was extinguished with buckets and an examination showed, that a hole about four feet in circumference had been burned thru the floor, thru the lower joist and nearly thru the ground sill, which happened to be at that point. The sheriff's office was notified, as it was at once thot that a deliberate attempt to burn the church had been made. It was suspected that boys had perpetrated the diabolical deed, as some boys had entered the church before the crowd assembled for the social and had stolen two large cakes and attempted to steal a freezer full of ice cream which had been stored in a back room.

It was soon discovered that three certain boys were probably the guilty parties. They were taken in charge by the officers, and on being subjected to close questioning they all confessed, but protested that the fire was accidental. Their story was that after the League social came to an end and the church was closed, they went in thru a window to steal such of the refreshments as might have been left. On getting inside they lighted a candle and in searching the room the flame of the candle set fire to a roll of cotton batting which was on the shelf of a book case. They threw the burning cotton on the floor and stamped upon it and thot they had the fire stamped out. They then left the church.

Whether their story is true or whether they intentionally set fire to the cotton and then ran, is left to conjecture. There are some indications that the fire was purposely set. We refrain at this time from printing the names of the boys out of respect for their parents, tho their names are already known all over this town. They are known to be bad boys and have been pursuing a vicious course for some time. In this case they were notified by the sheriff that this charge of burglary and attempted arson would hang over them, and if caught in any other meanness they would be prosecuted for Friday night's work. It is to be hoped that they will take fair warning and will mend their ways, otherwise they will surely land behind prison bars, if not on the gallows.

Band Takes New Name

At its last business meeting the Ukiah Concert Band decided to join the 5th Regiment Uniform Rank, Knights of Pythias, as the regimental band, Col. Abe Marks, commanding the regiment, having succeeded in having the band designated as such. The band is hereafter to be known as the Fifth Regiment Band, U. R. of K. P. The band will accompany the Fifth Regiment to the National Encampment at Louisville, Kentucky, and to the St. Louis World's Fair next summer.

Attorney W. P. Thomas went up to Eden valley this week in company with the Henshaw brothers, who recently purchased the Eden Valley ranch. They will remain several days and make many improvements.

JOHN LUCAS IS BADLY INJURED

Last Monday afternoon while on his way home from Ukiah John Lucas, of Redwood valley, was struck by the California Northwestern passenger train, which was bound for Willits, and severely injured. The accident happened at the crossing at the Arnold Ford ranch. Mr. Lucas had been to town with a load of wood. There is a cut at the crossing which shuts off the view and the wagon was sqarely across the track when the locomotive struck it. The wagon was smashed into kindling wood, Mr. Lucas was hurled to the ground and one horse was crippled.

The train was stopped as soon as possible and the injured man, who was found to be unconscious, was placed on board and the train was then backed down to Ukiah and the patient taken to Dr. Moore's hospital. An examination by Dr. Moore showed that Lucas had received several cuts and lacerations of the scalp and one fracture of the skull.

When consciousness partially returned Mr. Lucas could remember nothing about the accident or the train. It is said the usual signal for the crossing was given but Mr. Lucas probably did not hear it or did not realize how close to him the train was, as he is about 78 years old and does not hear perfectly, and the empty wagon was doubtless making considerable noise.

Won a Fortune

Cal Readhead, the well known brakeman on the run between Ukiah and Willits, is being congratulated by his friends on the fact that he held a lucky lottery ticket which drew $7,500 last week. Cal says he is going to fix up his father and mother, who live at Los Gatos, in good shape and stick to his job.

The money was collected through the Bank of Ukiah, the cost of collection and exchange being $7.50, and not $140, as stated by the Times of this week.

Ring Tailed Cats

Louis Moore caught three ring tailed cats, a species of the Cacomixle, of the genus Bassaris, a few days ago. The capture consisted of an old one and two young ones. They have long ringed tails similar to a coon, and heads somewhat like that of a weasel. They are said to be easily tamed and make fine mousers. Mr. Moore brought the three cats in to H. R. Wyring of Ukiah, who will ship them below to a museum.

Stock men tell us that stock has been doing splendidly this fall, and and that there is a fine crop of acorns which are beginning to fall.

BIG LAWYERS IN LOCAL COURT

Important Civil Case Brings Out Array of Legal Lights

The civil case of James M. Costigan vs. J. S. Rohrbough came on for trial in the superior court Tuesday morning. A jury had been summoned and it was supposed would be impanelled at once, but the defendant interposed a motion for judgment on the pleadings and the entire forenoon session was consumed in the argument upon that motion. Attorneys J. E. Pemberton and Ex-Judge Bigelow, formerly of the supreme court of Nevada, appeared for the defendant and urged the granting of the motion, while Attorneys Henry C. McPike and D. M. Delmas, of San Francisco, resisted on behalf of the plaintiff. The complaint was filed July 11, 1902, and sets out the following facts:

That more than three years prior to the filing of the complaint plaintiff and defendant entered into a contract of lease, whereby plaintiff leased from defendant for a term of three years certain personal property towit: Fifty head of mares, one jack, fifty head of stock cattle and 2100 head of sheep. Besides paying certain cash rent (which has been duly paid), defendant agreed to deliver to plaintiff at the termination of the lease all of the 2100 head of sheep, all the fifty head of mares and one-third of their increase and the fifty head of stock cattle and one-third of their increase. The complaint avers that upon the termination of the lease defendant refused to deliver the stock enumerated to plaintiff or any part thereof, but converted the same to his own use. Plaintiff asked for judgment in damages in the sum of $17,400, the value of said stock.

The motion for judgment on the pleadings was based on the fact that the written contract of lease, which was attached to the complaint and referred to as a part thereof was not signed by the plaintiff but was signed only by the defendant. Plaintiff's attorneys argued that the complaint itself stated facts sufficient to constitute a cause of action, even with the written lease entirely eliminated as an exhibit in the case. Attorneys Pemberton and Bigelow took the ground that the entire suit was based upon the written lease, and that as the lease was defective, the complaint based thereon and which was not to be understood without reference to the lease, was not good.

The noon recess came on before a ruling was made by the court. Further argument was offered after the recess at the conclusion of which the court denied the motion for judgment on the pleadings, holding that the complaint was sufficient without the attached contract of lease. The defense, claiming surprise, then asked for a continuance as they were not ready to proceed to trial, and this motion was argued to the hour of adjournment.

On Wednesday morning Mr. Costigan took the stand under the terms of a stipulation duly signed by the parties, whereby it was agreed that Mr. Costigan's deposition should be taken by the judge, to be followed immediately by the taking of the deposition of Mr. Rohrbough. Mr. Costigan was questioned for half an hour by Judge Bigelow, when the latter concluded that he could not get what he wanted without the production of Costigan,s books of account. The further examination of Costigan was then continued until October 19th and in the meantime an effort will be made to have Mr. Costigan produce his books.

Wedding Bells

BOONVILLE, Sept. 30—Married, on September, 29th, at the home of the bride's parents, Dr. and Mrs. Geo. F. Wells, their accomplished daughter, Miss Clara Fay, to Geo. C. Butler, of Sacramento.

The groom is a young man of sterling qualities and is engaged in the drug business in the city where he resides. The bride was formerly of Santa Rosa, at which place she is well known, having been leading soprano and soloist of the Christian church choir, and prominent in musical circles, having taken a leading part in "The Mikado" and several other operas.

The room in which the ceremony that united two young lives took place was tastefully decorated by her brothers, Drs. F. C. and R. B. Wells. Standing beneath a large bell formed of ferns and roses, and surrounded by the members of the bride's family, they were joined in wedlock by Rev. Anderson, pastor of the M. E. church, after which the whole party adjourned to the dining room and partook of the bountiful spread prepared by the bride's mother and sister-in-law.

The young couple departed at high noon, amid a shower of rice, for Santa Rosa and from there to San Francisco where they will spend a few days before going to Sacramento where they will reside in the future.

To Tenmile

Now comes the tranquil twilight,
When toil and labors cease,
When day with all its troubles
Is left to quiet peace.

Softly the winds of the woodland
Are murmuring sad and low,
Rustling the trees by the river,
Where the silvery waters flow.

And ere the nightly curtain
Had closed the distant hill,
And tears of weeping angels
Had fallen drops of dew.

The moon in all its splendor
Had topp'd the distant hill,
Lo ked down in all its glory
On mountain, lake and rill.

The spears of its silvery crescent
Glanced on the vale below,
Reflecting in bright profusion
A calm and steady glow.

Now one by one the lamps of heaven
Shine thru the curtains grey,
Lighting the land of darkness
Till the dawn of coming day.

ALL ALONG the COAST

What Has Happened This Week in the Fog Belt

FROM FORT BRAGG.

From the Advocate.)

The fire in the woods at Hardy creek burned 30,000 ties belonging to Mr. McFaul last week.

The Santa Fe surveyors have moved their quarters down the coast to Cleone. They have made four preliminary surveys between Inglenook and Ten Mile river.

At the mill at Glen Blair preparations are being made to increase the cutting capacity. New boilers are being put in and next winter a new band mill will be installed.

On the Ten Mile river ranch last week about 100 acres of grass were burned, which Mr. Biaggi was saving for winter feed for young stock. It is quite a loss to him.

Mr. and Mrs. Chester Woodruff arrived home Thursday after spending three winters in Alaska, most of the time at Solomon river forty-four miles from Nome City where they kept a hotel and store. On account of poor health they were compelled to come back, both having suffered from sickness contracted in the far north.

It is our painful duty to record two deaths since our last issue, which occurred in this place. Mrs. Johnson, wife of C. D. Johnson, who recently moved here from Caspar, after a short illness, died of bowel complaint last Wednesday morning, the funeral taking place Friday from the Baptist church, Rev. A. J. Sturtevant officiating assisted by Rev. J. S. Ross, the services being very solemn and impressive, and attended by many friends of the deceased and family. Mrs. Johnson was 32 years of age and a native of Norway. A husband and two children, one an infant babe, survive her.

Miss Millie Johnson, a very estimable young lady who was held in the highest regard by a large circle of friends, a sister of C. D. Johnson, took ill about the time Mrs. C. D. Johnson died, and notwithstanding that everything possible was done to save her, she died Monday morning, the funeral taking place Tuesday afternoon from the family residence and the Baptist church. Miss Johnson was born at Cuffeys Cove and was nineteen years old the 19th of last April, and her untimely death was a sad bereavement to her mother and relatives, who have the sympathy of the community. Miss Johnson died of peritonitis.

Do Good--It Pays

A Chicago man has observed that, "good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by J. R. Mathews' Drug Co.

From The Record.

Superintendent of Schools J. F. Barbee was in town this week on a tour of inspection of the schools along the coast.

This week Captain Smith will commence the building of the lookout station. The building will be erected on what is known as Campbells Point.

Mr. and Mrs. J. C. Clow, of Philo, commemorated their silver wedding Sunday with an elaborate dinner. A number of friends were present and all thoroly enjoyed the spread. May these people live in happiness to celebrate their golden wedding with as keen appetites and as fair prospects for many days as was manifested last Sunday.

On Saturday morning at 7 o'clock Mrs. Mary C. Hathaway, after an illness of two weeks, peacefully breathed her last. Notwithstanding her advanced age, the deceased retained a clear mind until the end, recognizing those who surrounded her couch watching for the weakened heart to cease beating. Mrs. Hathaway was the daughter of a clergyman, Rev. Luther Baker. She was born in Rhode Island on the 16th day of April, 1812, being the last of a family of thirteen children. Sixty-eight years ago she was married in New Bedford, Mass., to her late husband, well known to early residents on this coast, and who died here in 1869 or 1870. She came with her three children to California in 1869, her husband having preceded her about ten years, and for forty-three years has been a resident of the Mendocino coast. Of the family only Mrs. Watrous and Robert Hathaway remain, Mrs. Cushman having died abroad many years ago.

Confessions of a Priest

Rev. Jno. S. Cox, of Wake, Ark., writes, "For twelve years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all kinds of medicines, but got no relief. Then I began to use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by J. R. Mathews' Drug Co. Only 50c.

G. Valenti is erecting a new hotel at Greenwood. As Mr. Valenti is quite popular there is no doubt but that he will be successful.

Miss Grace Jarvis and Miss Edith Nichols, both of this place, have been appointed assistant managers on the staff of Blue and Gold, the university of California paper.

Mrs. Fred Perkins has resigned her position as teacher of the Keene district school and left for Oakland Tuesday at which place, we are informed, she has accepted the matronship of a home of some kind. Mrs. Professor Smith is teaching the unexpired term of six weeks.

The steam whistles of Albion, Caspar and Mendocino lumber companies' saw mills can be plainly heard in this camp, the distance from all being about equal on an air line. These three lumber concerns saw, as nearly as I can ascertain, about fifty million feet of lumber annually, or in other words about one-fourth of the lumber cut in the county, and the radius is less than ten miles.

Saves Two From Death

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. 50c and $1 bottles guaranteed by J. R. Mathews' Drug Co. Trial bottles free.

ELK, Sept. 20—Among the passengers on the steamer Alcatraz that arrived here on Friday was M. L. Kessler and wife. Mr. Kessler will take charge of the shingle mill.

Miss Zolo D. Schiller paid us a visit last week.

The new Shay engine is a great success and has had no difficulty in keeping the landing in the woods clear of logs.

Miss Lamb, of Miller, was in town Saturday.

Lazarus Pozanovich is shortly expected on the coast. He proposes starting a livery stable at Navarro.

Henry Foye, foreman of the Union Lumber company's mill at Fort Bragg, was in town Sunday.

Many fires have been burning in the Elk and Greenwood creek woods, also along the county roads from Boonville and considerable damage has been done to the fences and bridges. Repairs were rapidly made and the roads are now open for travelers.

Alonzo Scott, wife and little son returned home Sunday.

The saloon of the Hotel Lucca, recently erected here by G. Valenti, was opened on Saturday last. The hotel will be ready for business shortly. Mr. Valenti is an old coaster and will undoubtedly make a success of his new business.

George Monroe, who has been suffering from concussion of the brain as the result of an accident on the train, is slowly recovering.

On Wednesday last H. Victor Nichols delivered an interesting lecture on "The Cultivation of Second Growth Bark on the Tan Oak Trees." The lecture was well attended.

Quite a handsome headstone is to be erected over the grave of the late James Connors by his friends.

The herd of Angora goats purchased by Mr. Shibley a short time since are in a flourishing condition. Mr. Shibley has made a thoro study of his charges and may now be considered an expert on the subject of Angoras.

The Greenwood Debating society will hold its next public debate some time in October. The question will be "Should Our Present Tariff Be Reduced?" T. P. Lynch will take the affirmative and Bert Thomas the negative.

Greenwood Parlor, No. 121, was visited by the grand president of the Native Daughters of the Golden West, Miss Stella Finkeldey, on Thursday last. She was well pleased with the Daughters' ritualistic work also to find the parlor in such a flourishing condition. Miss Finkeldey is a bright and energetic young woman fully capable of the responsible position she holds, consequently her administration will be a successful one. The Native Daughters of Greenwood intend giving a bon bon party in November. EURYDICE.

He Learned a Great Truth

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip, that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. A Treat For the Ladies

The swellest lines of ladies's ready-made garments ever shown in any store in California arrived. While the styles this season are the prettiest in years, we can safely say that we have the cream of it. You will see in this store such a handsome stock of ready-made garments for ladies and children that will surprise you. In none but the largest stores in the largest cities in America you will be able to see such a handsome display. All we ask of you is to come and see.

$10

The picture opposite is taken from life. It is an exact reproduction of one of our

$10 Ladies' Tailor Suits

We have them in black, navy and brown. You will be surprised when you see this suit, surprised at the price; an all-wool cheviot suit for $10.

You can order this suit by mail. This is the exact picture of it, and if it do n't suit return it at our expense.

We have the same style suits as the picture at $16.50, also.

Ladies Tailor Suits

In all the newest styles, direct from New York, at

$10, $12 50, $13 50, $15,
$16 50, $18 50. $20, $22 50,
$25 and $30.

Ladies' Jackets, Skirts and Waists

Do you want to see swell coats? If so, come in and see our new lines of ladies' coats and jackets that arrived this week from New York. It is hard for us to describe them in any other way than than to say ***they are gorgeous.*** You will also see a very pretty line of waists and skirts.

Have You Seen Our Dress Goods Yet?

And the price we sell them at? And did you see the swell line of new trimmings we have? If you do n't visit the City of Ukiah you do n't see the new styles, that's all there is to it. Some stores may claim they have the newest styles, best goods, lowest prices, etc., but you know there is nothing to it. The City of Ukiah is the only store in this locality where you can see right ***new styles.*** And you know it is the only store for ***good goods.*** And buying our goods direct from the eastern mills and factories we can and ***do sell goods cheaper*** than other merchants in this vicinity can buy them for.

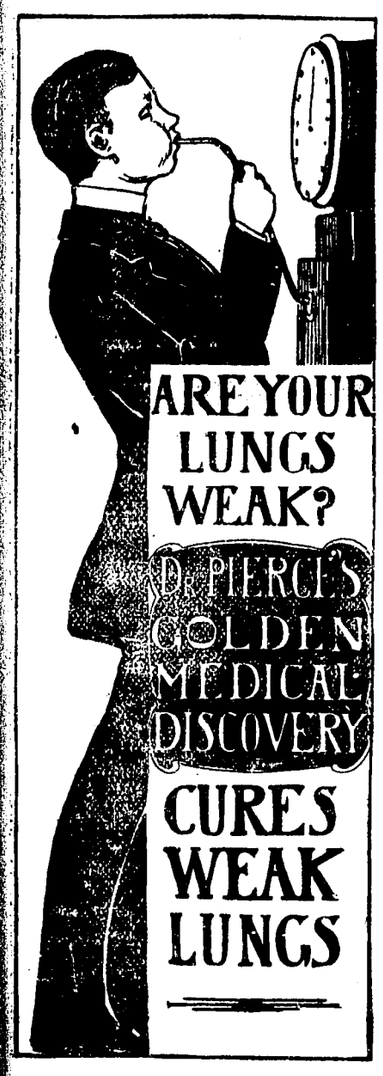
Mendocino Hospital Affairs

Dr. Hatch, superintendent of state hospitals, who has just returned from the Mendocino state hospital, states that he found everything in good order and running smoothly. The septic tanks, which will be used to care for the sewage of the institution will soon be in working order. The local board of managers is considering the advisability of raising the dam in the water works system so as to provide a better water supply.—Sacramento Union.



Perkins Camp

Sept. 28—About 80 men, including the trestle and grading force, have commenced to log out the big swamp gulch, which will probably take three years. This lagoon is six miles long and well timbered on both sides, and has been estimated at 100,000,000 feet.

Edmond Enright is in charge of the grading and the engineering of the railway. Tom Megaw is trestle builder and bridge foreman. Mr. Clark intends to build two camps; one will be at the upper part of the gulch, near Melborne.

Mrs. J. P. Lilley and Mrs. C. P. Dustin have returned home, after spending a week visiting relatives down the coast.

"Appeal to Reason," a paper published at Girard, Kansas, on Socialism, at 95 cents per year, a weekly, has made its appearance in all the camps on the coast. This organ is trying to draw votes from both parties, but has not been successful in obtaining votes from the Republicans as a rule. Nor will the Democrats be foolish enough to throw their votes away for such a party. Our country is not ripe enough to accept Socialism whatever, or never will be if the people are used right. The Democrats must stand firm, and they will eventually win and everything be regulated to favor the working class.

The Fort Bragg Lumber Company is still resisting the unions, and it is now somewhat surmised that they are secretly compensated by the other lumber concerns. J. R. T.

The Boy That Laughs.

I know a funny little joy,
The happiest ever born;
His face is like a beam of joy,
Although his clothes are torn.

I saw him tumble on his nose
And waited for a groan.
But how he laughed! Do you suppose
He struck his funny bone?

There's sunshine in each word he speaks;
His laugh is something grand;
Its ripples overrun his cheeks
Like waves on snowy sand.

He laughs the moment he awakes
And till the day is done.
The schoolroom for a joke he takes;
His lessons are but fun.

No matter how the day may go,
You cannot make him cry;
He's worth a dozen boys I know
Who pout and mope and sigh.

—Wide Awake.

What an Earthquake Really Is.

Among the more ignorant Moslems the recent earthquake in Judæa is satisfactorily explained as occasioned by the cow which bears the world shifting its burden from one horn to the other, to ease herself at the beginning of the Moslem new year.—London Graphic.

Ran a Ten Penny Nail Thru His Hand

While opening a box, J. C. Mount, of Three Mile bay, N. Y., ran a ten penny nail thru the fleshy part of his hand. WHO KNOWS

When His Kidney Trouble Has Fastened and Reached the Chronic Stage? If It Has It is Incurable by Anything Known Except the Fulton Compounds. We Are The Sole Agents.

As an evidence of the unusual character of the Fulton Compounds that company does not publish or invite testimonials except those reporting recoveries in kidney diseases that have reached the chronic stage, alleged to be incurable. Here is another recovery in a case incurable till the advent of the Fulton Compounds, reported by Johns & Johnson, the agents of the Fulton Compounds in Los Gatos:

W. H. Fridley, a resident of Los Gatos, having chronic kidney disease (Bright's Disease) had, like everybody else, found all treatment futile. He commenced on Fulton's Renal Compound in February, 1902, and on December 10 of the same year reported the total disappearance of the disease. He writes that he has gained fifteen pounds in weight and is again able to do a good hard day's work. Johns & Johnson, the Los Gatos druggists, confirm this recovery and know of several other recoveries in similar cases of chronic kidney disease in Los Gatos, all of which were incurable by anything else known to druggists. S. A. Palmer, the leading druggist of Santa Cruz, H. H. Maynard, the Petaluma druggist, the Ferry Drug Company of No. 8 Market street, San Francisco, W. R. Pond, the Berkeley druggist, Dr. Markley, the Cloverdale druggist, Willis & Martin, the Sacramento druggists, and scores of other California druggists all report specific recoveries in chronic kidney diseases that were positively incurable by anything known except the Fulton Compounds.

Dropsy, rheumatism from uric acid, gout and bladder troubles are proofs that the kidneys are not performing their functions. The chronic stage of kidney trouble is Bright's Disease. If you feel languid or miserable, if your kidney trouble hangs on send for Pamphlet. Percentage of recoveries nearly 90 per cent among purely chronic cases. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Free analyses for patients. We are the sole agents for the Fulton Compounds in this city.

CONDENSED STORIES.

Was Afraid of Demurrers Because One Threw Him Out of Court.

After having been solicitor general Captain Evan P. Howell, our present distinguished mayor, retained a considerable amount of private practice in Clayton superior court. At one term of the court he had a weak case for a very dull witted but persistent client. When it was sounded on the docket for trial the lawyer for the defense had filed a demurrer that was discussed and sustained, thereby throwing the plaintiff's case overboard.

The plaintiff had listened intensely to a legal duel, the purport of which was to him as a display of cuneiform inscriptions, but had a consciousness that something awful had happened when the fracas between the lawyers came to an abrupt end.

He went out like Mary's little lamb and lingered around until Captain Howell emerged from the courthouse door. His client seized him by the arm and dragged him off to a quiet spot in the shadow of John L. Doyal's law office.

"Evan, what's happened?" he tremulously questioned.

"Why, John, that unfeeling judge in there let the case go off on a demurrer."

"Well, Evan, I know that, and we're flung out all right, but what 'n thunder is a demurrer? Tell me that now!"

"Oh, John, you go home to your plowing and don't worry. The good Lord never intended a fellow like you to understand the lengths and breadths, the heights and depths, of a demurrer! Why, a demurrer is one of the most dangerous things that the law of a thousand years has brought down to us for our affliction! Go home and try to forget it!"

And John went—went in a hurry, so as to get space between him and the demurrers as quickly as possible.—Atlanta Constitution.

tales. Just before he sailed for Venezuela a well dressed fellow approached him as he was leaving the Fifth Avenue hotel.

"Beg your pardon," said the man. "It's really too ridiculous, but"—

"Hold on," interrupted Mr. Morris. "You told me that story last week. Now I am going to turn you over to the police."

"My dear sir," exclaimed the beggar, bristling up, "I want you to understand that I have as good a right to make a living as you have."

An Expensive Illness.

J. Arthur Joseph, who conducts a news bureau in Wall street, has had to stand much chaffing from his acquaintances because during the recent weeks of a declining stock market he has been an insistent and persistent bull.

A friend of his met him on the street the other day and asked him how the market was. Joseph looked very tired and simply coughed in reply.

"What's the matter?" asked his friend. "Have you caught cold?"

"No," replied Joseph. "That's a habit. I've acquired it by coughing up margins for two months."—New York Press.

Narcotic Poisons.

And mercury used in the treatment of piles was begun in the dark ages, give temporary relief only by paralyzing the bowels and do not cure, but in reality weaken the parts and prevent nature from restoring nature to a healthy condition, as any honest and intelligent druggist or doctor will admit, and as may be seen by reference to the United States Dispensatory, which says:

"Opium lessens the natural motion of the bowels, its local effect is the same as its general operation; conium paralyzes the motor nerves; aconite reduces muscular strength; belladona produces paralytic symptoms; hyoscyamus and stramonium are same as belladonna They do not exercise any curative influence."

The following is the expression of all up-to-date druggists:

In twenty years' experience I do not know of any medicine curing piles except your non-narcotic Pile cure. I know it cures.—J. H. Trout M. D., Los Angeles, Cal.

"In 28 years' experience I have prepared all manner of narcotic and mercurial preparations for piles, but none to my knowledge ever cured a single case."—P. B. Sprague, druggist, Lincoln, Neb.

OXNARD'S "INFANT INDUSTRY"

Henry T. Oxnard, the beet-sugar magnate, in an interview at Los Angeles this week, explained why the families and fruit-preserving industries of the Pacific Coast are having to pay an exorbitant price for sugar. The price, according to Mr. Oxnard, is "regulated"; that is to say, the production of sugar is in the hands of the Cane Sugar Trust and the Beet Sugar Trust, and these two combines have arbitrarily raised the price, says the San Francisco Star.

Mr. Oxnard complained in his interview that Californians do not buy the beet sugar, which is produced by a "home industry," but use instead the cane sugar from the Islands. "Why," he said, "there are about five sacks of cane sugar to one of beet consumed in Southern California. Most of our product goes east, and this should not be."

"If you want large consumption here why do you sell your beet sugar in Chicago, after paying high freight on it, for considerably less than you sell it here in Los Angeles?" was the pertinent question next asked of him. His answer was entirely frank:

"Oh, you see, we have to meet competition in the East, as the price is regulated by the eastern market. On this Coast the price is regulated by the Western Sugar Refining Company, and we make our price 10 cents under their list on cane sugar."

"Well, if you want the people of California to use beet sugar, can't you fix it so they can get twenty pounds of your sugar for a dollar, when they can only get 16 pounds of the cane?"

"Oh, I do not regulate the price, that would mean a sugar war. The cane-sugar people would meet the price."

And so the people of California, with the sugar factories all over the State, must pay more for the product of those factories than is charged for it after it has been hauled beyond the Mississippi. Mr. Oxnard's "home industry" would be far more valuable to the State if it were for a season exposed to the free competition of the sugar of the Malaysian Islands, now barred from this market by the high tariff enacted for Mr. Oxnard's benefit.

A LITTLE TALK TO PARENTS

We deem it proper at this time to say something to the heads of families in this town. It is notorious that many of the children, both boys and girls, are not under proper parental control. They are allowed to roam about the streets all over town at late hours of the night and engage in all kinds of mischief and worse than mischief. The occurrences at the M. E. church, south, last Friday night ought to be a warning to all parents to look well after their children. They ought to realize that they have a public as well as private responsibility in the matter of properly controlling their children. Not all the parents of our town are careless in this respect, nor are all the children viciously inclined, but in too many cases parental laxity is too great. It is a well known fact that boys just old enough to begin to smoke the deadly cigarette, and girls yet in short dresses, may be found together at night in the darker parts of the town at very late hours. It is known that boys not over 12 or 14 years of age and on up to 18, talk about their experiences and escapades with these young girls in a way that would make a seasoned libertine blush. If we were to print in this paper what is known of the doings of some of the boys and girls of this town, there are mothers and fathers who would be horrified. It is time we should have an awakening along this line. There is a moral responsibility placed upon parents that ought not to be shirked or ignored. There is a time in all boy and girl life when especial parental care is necessary if we would save our children from lives of vice. We would not advocate the stern restraints of puritanism, but that firmness, coupled with gentle affection which makes home life attractive to children. By all means parents should prevent their children from roaming over the town at large after night.

THE ENGLISH OF OUR SIRES

I love the English of our sires, it gives me cheer enough,
To read its simple verile words and try to spell the stough.
I love to view the lettery maze and wander there, although
How I will e'er emerge from it I hardly ever knough.
O'er verbal fields on mountain sides my weary way I plough,
And often reach surprising ends, although I scarce know haugh.
Yet still the maze and verbal maze I journey, journey through
Although the spelling knocks me out, no matter what I dough.

I love the English of our sires, it gives me hearty praise
Although its spelling must at times the wanderer amaze.
I do not stand with those who mouth and rant and groan and shriek
And find no language strong enough their dire disdain to spiek.
The language that our fathers wrote was sweet as bells of sleighs
And we should give the makers praighs or give them ninety daighs
And if we cannot spell with grace there's yet one comfort, eke
To write the stuff the way it sounds and spell the way we speke.

I love the English of our siers, I make the statement straight
And I have loved it since the time I spelled it on my sleight.
Though some can spell and some cannot the artful method sieze
Although they wrestle long and hard, petition on their knies.
Yet still I bear upon my way my queer linguistic freight
And come the worst, or come the best still I am quite eleight.
For one glad orthographic rule I've seized by slow degrees
If any word is hard to spell, why spell it as you pleze.

—Alfred Waterhouse in New York Times.

UNEQUIVOCAL AND NON-COMMITTAL

The platforms adopted by the Republican and Democratic Municipal Conventions in San Francisco are before the people. They present the usual contrast. While the Democratic document is clear cut and explicit upon questions of immediate and vital interest to the city, that of the Republicans consists of generalities which may mean anything or nothing. Take the Geary street railroad issue as an example. The Democratic platform speaks plainly as follows:

"We unequivocally indorse the pending proposition for the issuance of bonds to acquire, reconstruct and operate the Geary street railroad, and we also favor all other pending propositions to issue bonds."

While the Republican plank on that subject is substantially as follows:

"We favor the ownership by the city of such public utilities as are beneficial and necessary for the common good."

"'Twas ever thus from childhood's hour." Our Republican friends have a faculty for saying things in their platforms which mean tweedledee or tweedledum, as future exigencies may require. The Geary street question is a live one in San Francisco at this time. Did the Republican convention consider the municipal ownership of the Geary street road as "beneficial and necessary for the common good?" It did not say so.

On the other hand the Democratic platform sounds forth its purposes as clearly as a bugle horn, and with the champion of good Government, Franklin K. Lane, as standard bearer, there is no doubt of the result. Let but the independent voters do their duty and the next Mayor of San Francisco will be a man in whom all can have confidence.

Once more has a Superior Court decided that the new divorce law, providing for interlocutory decrees, to be followed a year later by absolute decrees, is unconstitutional. This time it is Judge A. J. Buckles of Solano county. Judge Buckles says "the law is class legislation and therefore in conflict with the provisions of the constitution." Of course it is class legislation, in the sense that it applies to a particular class of cases, but so are the laws against murder class legislation in that sense. But the divorce law is not class legislation in the sense contemplated in the prohibitory clauses of the constitution. Our statutes are full of the eame kind of class legislation. A merchant's book accounts are barred by the statute of limitations two years from the date of each item while a bank's notes only outlaw four years after maturity.

W. J. Hassett, who was the Democratic nominee for railroad commissioner in the last state campaign, has been nominated for mayor of Sacramento. The convention was held Tuesday night. Mr. Hassett with his beautiful and accomplished daughter spent some time in Ukiah last fall.

It is rumored that Manager Kruttschnitt, of the Southern Pacific company, is to be largely shorn of his powers, and that President Burt, of the Union Pacific, will be the directing brain of the Southern Pacific affairs.

State Superintendent T. J. Kirk finds that under the new law every high school in the state will be entitled to receive $550 of state money with $12 per capita on the average daily attendance in addition.

Sir Michael Herbert, the British ambassador to the United States, died at Davos-Platz, Switzerland, whither he had gone in the hope of having his health restored, on Wednesday, Sept. 30th.

The San Francisco Bulletin has come out strongly for Franklin K. Lane for Mayor and will battle for his righteous cause thruout the campaign.

Anthrax in Colusa

Dr. S. Odle, of this city, was in Colusa county when a disease broke out among the mules and cattle of W. A. Vann. Dr. Odle was sent for and pronounced the disease to be anthrax. He was retained to take measures to stamp out the disease. He sent for a supply of the vaccine serum used in such cases and went to work at once, and it is hoped the dreaded contagion will not spread.

THE UKIAH RACE MEETING

Everything at the Fair grounds is now excitement. Many spectators are in attendance every morning watching and timing the different horses being prepared for the races that are to begin on Tuesday, Oct. 13th. Most of the horses at the track are trotters and pacers. However more than 30 stalls are engaged for runners to arrive during the week.

Much interest is being taken in the trotting race between Abe Mark's Cecille M. and Budd Smith's May Ayers, which comes off Saturday, Oct. 17th.

While the latter has heretofore gained quite a reputation for her honesty, it looks now as though she must be possessed of more speed in order to wrestle the laurels from the speedy Cecille M. However, this race will be worth going a long way to see, as both horses will be extended to their full capacity.
